

Sen, CHEN | Curriculum Vitae

[✉ senchen@nankai.edu.cn](mailto:senchen@nankai.edu.cn) • [🌐 https://sen-chen.github.io/](https://sen-chen.github.io/)

Full Professor at Nankai University, China; recognized as one of the 100 Young Academic Leaders of the university. Director of the Nankai Software Security Laboratory (NKSSecLab). Research focuses on **software security and software supply chain security**, with particular emphasis on vulnerabilities and malware. Received the **ACM SIGSOFT Early Career Researcher Award** in 2026 for pioneering contributions to SAST and SCA, the first recipient from an Asian university.

Published over 100 papers in leading journals and conferences, and received **seven Distinguished Paper Awards** at top-tier venues (ICSE 2018, ICSE 2021, ASE 2022, ICSE 2023, ASE 2023, FSE 2024, and ICSE 2026). Achieved significant influence, with over 5,000 citations and an h-index of 39 on [Google Scholar](#), reflecting both academic excellence and community recognition.

Research focuses on **securing software supply chains** through advancements in Software Composition Analysis (SCA) and Static Application Security Testing (SAST). Developed several widely recognized open-source frameworks and tools for SCA and SAST, such as [StoryDroid](#), [AUSERA](#), [EndWatch](#), [ATVHunter](#), [XMal](#), and [Coral](#), which address critical challenges in software supply chain security. These tools have advanced both academic research and industrial practice, having been adopted by leading organizations such as [Scantist Pte. Ltd. \(Singapore\)](#), Continental Corp (Germany), and Desay SV Automotive Co., Ltd. (China), demonstrating real-world impact.

Working Experience

Nankai University <i>Full Professor</i>	China <i>April 2025–Present</i>
Tianjin University <i>Tenured Associate Professor</i>	China <i>November 2020–April 2025</i>
Nanyang Technological University <i>Research Assistant Professor</i>	Singapore <i>June 2020–November 2020</i>
Nanyang Technological University <i>Research Fellow</i>	Singapore <i>June 2019–June 2020</i>

Education

East China Normal University <i>Ph.D. of Computer Science</i>	China <i>September 2016–June 2019</i>
Nanyang Technological University <i>Exchange Ph.D. of Computer Science</i>	Singapore <i>October 2016–June 2019</i>
East China Normal University <i>Master of Computer Science</i>	China <i>Sep 2014–June 2016</i>

Awards

ACM SIGSOFT Distinguished Paper Award <i>ICSE 2026 (Top Tier A+ Conference)</i>	Rio de Janeiro, Brazil <i>April 15 to Friday April 17, 2026</i>
ACM SIGSOFT Distinguished Paper Award <i>FSE 2024 (Top Tier A+ Conference)</i>	Porto de Galinhas, Brazil <i>15 July - 19 July, 2024</i>
ACM SIGSOFT Distinguished Paper Award <i>ASE 2023 (Top Tier A+ Conference)</i>	Kirchberg, Luxembourg <i>11 September - 15 September, 2023</i>

ACM SIGSOFT Distinguished Paper Award
ICSE 2023 (Top Tier A+ Conference)

Melbourne, Australia
14 May - 20 May, 2023

ACM SIGSOFT Distinguished Paper Award
ASE 2022 (Top Tier A+ Conference)

Michigan, United States
10 October - 14 October, 2022

ACM SIGSOFT Distinguished Paper Award
ICSE 2021 (Top Tier A+ Conference)

Madrid, Spain
25 May - 28 May, 2021

ACM SIGSOFT Distinguished Paper Award
ICSE 2018 (Top Tier A+ Conference)

Gothenburg, Sweden
27 May - 3 June, 2018

First Class of Progress of Science and Technology Prize of Tianjin
Association for Science and Technology

China
May 2021

Services

Active contributor to the international academic community, serving on program committees of major conferences, including ICSE, FSE, ASE, ISSTA, OOPSLA, IEEE S&P, ACM CCS, and USENIX Security. Held leadership roles in various conference tracks, workshops, and special issues, such as Co-Chair of the ERA Track at APSEC 2020 and Proceedings Chair of Internetwork 2020. Reviewer for top-tier journals, including IEEE Transactions on Software Engineering (TSE), ACM Transactions on Software Engineering and Methodology (TOSEM), Empirical Software Engineering (EMSE), IEEE Transactions on Dependable and Secure Computing (TDSC), and IEEE Transactions on Information Forensics and Security (TIFS).

Publications

(#: Co-first; *: Corresponding author)

Dr. Chen's research has gained significant recognition in the community, with more than **5,000 citations** and an h-index of 39 on **Google Scholar**.
